

By Ralph Cole

Rudolph Sprott, 45 year old Hondo resident, has joined the Medina County Sheriff's Department as a deputy sheriff. Sprott is a native of Medina County and has worked on a ranch for the past 30 years. He took over his new job last Saturday.

Polly Leifeste of Natalia, was among 40 rural boys and girls honored at a banquet in San Antonio Friday, Feb. 8. The luncheon honored 10 boys and 10 girls from 4-H clubs, 10 boys from FFA and 10 girls from FHA clubs. Boys and girls were selected from clubs throughout South Texas and chosen by state and district rural youth leaders on the basis of leadership, agricultural work, community affairs, scholarship and similar activities.

Luke F. Wade, social security representative from San Antonio, will visit Hondo Feb. 26, and will open office at 9 a.m. in the district courtroom at the courthouse. Anyone with a social security problem is welcome to visit Wade while his office is here.

Martin Dies, congressman-at-large, cancelled his trip to Hondo this week due to a case of the flu. He was to have spoken to the Medina County Farm Bureau Monday night and a dinner had been planned by county Democratic leaders. Dies' telegram arrived in Hondo Saturday.

Hondo and Medina County in general has been enjoying spring-like weather for the past week. High temperature last week was on Sunday, when the mercury soared to 92 degrees. Temperatures reached 88 degrees Saturday. Low readings were on the same days, Saturday and Sunday, when 51 degrees was recorded.

The House has passed a "baby soil bank" bill drafted by Democrats to aid drought-stricken ranchers. The bill would authorize federal "rental payments" to ranchers who agree to keep livestock off parched grazing lands. Its purpose was to prevent permanent damage to pastures in the south western drought belt. Agriculture secretary Ezra T. Benson said the bill would "create more problems than it solves."

D'Hanis MOD Collects \$159.40

D'HANIS — The annual March of Dimes campaign in D'Hanis turned up with \$159.40 for the polo fund for 1957, and the amount has been sent to headquarters, according to A. J. Booz, general chairman. The drive in schools was directed by Arthur Adams and resulted in a sum of \$62.06. The Altar Society of Holy Cross Church, Mrs. Herman Fohn, president, collected \$72.20, while altar boys sold peanuts for \$19.22. Coin collection boxes in various business places contained \$5.92.

Commissioners Back New Bill

D'Hanis Lays Plans For School Remodeling

Citizens To Vote On \$120,000 Bond Issue

D'HANIS — As the initial step in an all-out program for enlarging, remodeling, and modernizing the present school plant of the D'Hanis Independent School District, the board of trustees has authorized a \$120,000 bond election to be held Saturday, Feb.

16, in the high school library. According to B. J. Stewart, superintendent of schools, a \$1.25 tax rate will be voted on to take care of the bonds.

The proposed building program as approved by the trustees calls for immediate construction of a gymnasium, which will serve also as an auditorium, lights on the football field, several new classrooms and general modernization of the present facilities also are on the agenda.

The plan, while taking care of immediate demands, is devised to provide for those of future years also. An up-to-date science classroom, and a new primary rooms are among the most urgent needs for academic work at present.

The increased enrollment has included more than 300 pupils during the current year, making D'Hanis one of the many school districts in the nation facing an immediate crisis.

All tax-payers of the school district are urged to make their wishes known Saturday, Feb. 16.

Burglars Enter Two Businesses

Medina County Sheriff's Department is still looking for the person or persons entering the D'Hanis Ice Station last Thursday night.

According to Sheriff Charles Hitzfelder, more than \$200 worth of articles were taken from the store. Items taken included .22 and shotgun shells, groceries, beer, knives, cigarettes and cigarette lighters.

Entrance to the building was gained through a rear window. Herman Ney is owner of the business.

Another Medina County business, the Castroville Cleaners, was also entered last Thursday night. Entrance was gained when a lock was broken on the door and a glass broken.

Hitzfelder said it looked as if the burglars were scared away before they had a chance to take anything of value.

Lonnie Wiemers Shot With BB Gun

Lonnie Wiemers, son of Mr. and Mrs. Fielding Wiemers of Yancey, was shot in the eye with a BB gun Sunday afternoon, while playing. Several children were playing when the three year old youth ran in front of the gun. Lonnie was rushed to a doctor who said the shot went through the eye lid and lodged between the eye lid and the eye ball.

Doctors say it will be several days before they can tell how serious it is and what affect it will have on the child's eye.

Bureau Awarded At Meeting

Calvin Hardt, president of the Medina County Farm Bureau, received a certificate of merit from the Texas Farm Bureau for Medina County reaching its membership goal for 1956 at a meeting held Monday night in the Hondo High School auditorium.

Medina County's Farm Bureau had one of the lowest membership losses in the state for 1956. H. C. Brinkoeter, district director of District 10, Texas Farm Bureau, said in presenting the award. Records show about 11 members were lost last year.

Main speaker for the evening was J. H. West of Bishop, who is vice-president of the Texas Farm Bureau. West spoke on government-backed plans for farmers, and told the dangers existing from them. More than 100 persons were present for the meeting which was to have Martin Dies as main speaker. Dies cancelled his speech due to a case of the flu.

County judge A. H. Rothe gave a report on the water situation in Medina County.

Hugh Meyer's name was drawn for the attendance prize.

TOP CAPON — Merrill E. Ech, both the champion capon and the Medina County Junior Fat, LaCose and Ech, first place pen of two capons at Stock Show Feb. 4-5.

February 16 Through 23

FFA Week Slated

The Hondo FFA Chapter will join more than 10,000 other FFA Chapters over the Nation in observing National FFA Week Feb. 16-23.

Future Farmers of America is a Nation-wide organization of boys studying Vocational Agriculture. Before the organization of FFA in 1928, there were a large number of agricultural clubs over the nation. Some had the name future wheat growers, future corn growers, or future ranchers. Many states set up state-wide organizations.

Club Purpose Purpose of the clubs were mostly for recreational purposes such

as summer fishing trip, educational tours, etc. At the time the National Group was organized at Kansas City, Mo. in Nov., 1928, Virginia had made greater strides in organizing a well rounded program than any other state.

The Future Farmers of America today has a wide program of work that includes all phases of agriculture. There are livestock, poultry, soils, grasses, dairy products and grain judging contests. In addition, there is also a leadership and citizenship contest, sponsored by the different state associations.

FFA AIM

The Primary Aim of Future Farmer work is to develop agricultural leadership, citizenship and cooperation. There are a total of 12 aims and purposes of the FFA organization. They are:

1. To develop competent, aggressive, rural, and agricultural leadership.
2. To create a love for country life.
3. To strengthen the confidence of farm boys and young men in themselves and their work.
4. To create more interest in the intelligent choice of farming occupation.
5. To encourage members in the development of individual farming programs and establishment in farming.
6. To encourage the members to improve the farm home and its surroundings.
7. To participate in worthy undertakings for the improvement of agriculture.
8. To develop character, train for useful citizenship and foster patriotism.
9. To participate in cooperative effort.
10. To encourage and practice thrift.
11. To encourage improvement in scholarship.
12. To provide and encourage the development of organized rural recreational activities.

Marble Tournament Sponsored By VFW

Hondo's Veterans of Foreign Wars will sponsor a marble tournament in Hondo April 6. Eligibility requires a boy under 15 or a boy who will not reach his 15th birthday prior to April 15, 1957.

Ample time remains to get in a lot of practice before the main test April 6. The practice may produce a state or national winner.

The annual VFW marble tournament has been held every year since its beginning in 1947. Last year's winner was Richard Austin of Los Alamitos, Calif.

VFW members will visit Hondo schools during the next few weeks, giving a full explanation of the program and printed rules and diagrams to all interested boys.

A playoff will be held at each Hondo school and the school winner will then move up to the city tournament set for April 6. Medals will be awarded first, second and third place city champions.

The contest will be open to all boys — boys or parents do not have to be affiliated with the VFW. School authorities at the public schools and parochial schools, have indicated they welcome the prospect of this wholesome outlet for their youngster's energies.

The first place winner in the city contest will meet players from LaCoste, Uvalde, Del Rio and Pearsall, for district championship.

The district champion will com-

pete May 8 in Austin for the state championship. Sponsors will be responsible for arrangements and provide a VFW escort for the visit to Austin for the winning district champion to attend the state playoffs.

Two Victims Injured In Accident

Two persons were injured in a traffic accident east of Castroville early Sunday afternoon.

Alfred Joseph Bourquin, 17, and Royce Groff, 15, are confined to Castro Clinic with injuries as a result of a collision with a 1951 Ford driven by Mrs. Lucille B. Wurzbach, 39 year old Castroville resident. The two boys were driving a 1941 Indian motorcycle.

Bourquin received a fractured leg in the accident and Groff received a fractured foot and facial lacerations. The boys are from Rio Medina and Castroville respectively.

Mrs. Wurzbach attempted a left turn from Highway 90 east of Castroville, and the boys were headed for Castroville at the time of the accident.

Sheriff Charles Hitzfelder and deputy sheriff Vernor Muennink investigated the accident.

American Legion Sets Game Party

Hal Jones Post 128, American Legion, is planning to start a monthly game party, with the first one scheduled for March 1, future events to be the first Friday of every month.

Another dance has been set for Saturday, March 2, with Frank Fees and his Honey Bees supplying the music.

Fee Hike Would Help Pay Additional Costs

The Medina County Commissioners Court voted unanimously to back a bill in the Texas Legislature for the amendment of various fees paid the county clerk's office by 50 per cent.

The bill, which is now pending in the Legislature, does not state what this increase would apply to, but Henry Schulte, Medina County clerk, says it is for filing certain documents.

Schulte said the reason the bill had been submitted was because cost of supplies in the office had increased and there had been no increase in prices charged for these services.

Introduced in the Legislature by Amos Martin, representative of the 10th District of Lamar County, House Bill 67 says fees presently fixed by the statutes are not sufficient to pay the proper share of the cost of per-

forming services rendered. The bill is an "act increasing certain fees charged by county clerks and county and district courts."

Funds from the county clerk's office go to the county officer's salary fund.

The resolution stated, "Be it resolved that the Commissioners Court of Medina County go on record as favoring the passage of a bill now pending in the Legislature for the amendment of various fees payable to county clerks in connection with duties performed by county clerks."

Certified copies of the resolution were sent to Jack Richardson, state representative, and R. A. Weinert, state senator.

In other business by the Commissioners Court, constable of precinct 5 failed to offer bond in time required by law and after due consideration, the court by unanimous vote, declared the office vacant and ordered the constable be paid at the regular monthly salary for the first 20 days of January.

The court accepted the Hondo National Bank bid for depository for Medina County and Medina County schools. The bank's bid was deposited with the county clerk pending completion of bond by the bank.

Mrs. Lillian Heyen will receive \$15 out of the general fund for extra work in the district clerk's office while the clerk was absent due to illness. Mrs. Heyen served in the clerk's office during district court trials.

C. R. Haby, William Moore and Jim Thigpen made requests for use of county road machinery.

Lions Club Plans Project For D'Hanis

D'HANIS — The most recent civic improvement sponsored by the D'Hanis Lions Club will add to both the safety and the beautification of the town.

At the request of the Lions, the Southern Pacific Railroad Company has installed a warning bell at the intersection east of the railway station, thus eliminating a potential hazard where FM 1796 joins Highway 90. This crossing is used by many school children.

For the beautification of the town, a project is in progress in co-operation with the D'Hanis Chapter of Future Homemakers of America, which plans to make a park on the highway in front of the railroad station. The Lions have put in a water pipe and will haul the soil needed for the park, thus preparing the site for planting of grass and shrubs by FFA members under the direction of their adviser, Miss Fred Boyce.

A group of the girls and their sponsor recently attended a meeting at Hondo for the purpose of studying with other boosters a program for the beautification of Highway 90.

Juroska Sentence

Charlie Juroska, 42 year old Hondo resident, received a five year suspended sentence in District Court recently on a charge of indecent exposure to a child under 16 years of age.

POLITEST PERSON — E. J. Johnson, left, receives a flower for "Politest Person of the Month" from Mary Ruth Cameron, finance chairman of the Hondo Business and Professional Women's Club. The B&PW Club names a politest person each month and presents them a flower.

—Polaroid Staff Photo

BEST FRYERS — Jack Peterson, Hondo, showed the champion fryer at the Medina County Junior Fat Stock Show held at the Devine football field Feb. 4-5. Devine, exhibited the reserve champion. Peterson is a member of the Devine FFA. Louis Poerner, also of Castroville, was second place winner.

Hondo Schools Show Attendance Increase

Average daily attendance in Hondo schools has jumped from 668 in 1950 to 1,021 in 1956, J. G. Barry, superintendent of the Hondo Independent school District told members of the Hondo Parent, Teacher Association at their regular meeting Feb. 4. The figures do not represent total enrollment.

"We all want to keep our good teachers, but to keep them, we must pay adequate salaries," he said, in reference to bills now pending in the Legislature. "It is important that our legislators be advised by the people in our community as to how they should vote on these bills," he added.

During the PTA business session, the nominating committee was named. They are Mesdames Arnold Lindeburg, L. E. Kollman Jr. and W. A. Bende. The group announced a \$175 profit from their Jan. 26th Mexican supper. Mrs. M. F. Schweers expressed her appreciation to mothers who assisted in the March of Dimes Drive.

Entertainment was provided by the Hondo High School Band. Mrs. Charles Tondre, program chairman, gave a brief sketch of the history of the PTA, and recognized all past presidents in observance of Founder's Day.

Members were urged to vote as individuals for the selection of the "Woman of the Year", sponsored annually by the Business and Professional Women's Club.

At the close of the meeting, refreshments of punch and cookies were served from a lace-covered table centered with a floral arrangement in blue and gold, PTA colors.

The sophomore class won the attendance prize for having the most parents present at the meeting.

By Clinton Davidson

Agriculture Secretary Benson has made it perfectly plain to Congress that he now has just about everything he wants except money, to run his kind of a farm program this year.

The only "must" farm legislation put before Congress, or likely to be suggested, is elimination of acreage allotments for corn. That, and more than \$5 billion in all he feels he needs to cut down on excess production, whittle down surpluses and push farm income up.

The heart of the Administration farm program consists of three main parts — (1) adjustable price supports, (2) the soil bank, and (3) the surplus disposal program, including subsidized exports.

He has, in all probability, four years in which to make that program produce the desired results, barring war or other unexpected developments. In order to succeed, that program must raise net farm purchasing power by at least 20 per cent.

A majority of Congress have about decided to let Benson have a reasonably free hand in carrying out his program. A veto of the Democrats' farm bill last year convinced most of Congress that they have no other choice.

Flexible price supports will be used for two purposes. First, to induce farmers to shift production from crops in surplus to other uses and, second, to encourage additional consumption and exports through lower prices.

The purpose of the soil bank is to compensate farmers for taking as many as 45 million acres out of crops already in surplus supply. These are corn, cotton, wheat, tobacco and rice. Congress has authorized \$1.2 billion a year to be used in paying farmers for taking land out of crops.

The surplus removal program is aimed at whittling down the \$3.5 billion worth of crops acquired or controlled under the price support program. Benson's job is to get rid of the surpluses faster than farmers put new production into the CCC stockpile.

He has available several programs to do that. The first is a cut-rate export sales program under which foreign currencies are accepted as payment for farm commodities shipped abroad. During the past 18 months he sold \$3 billion worth of surpluses to foreign countries.

In addition he has available approximately \$1 billion a year to finance relief and other give-away programs, including the School Lunch program. Likewise, he has authority to barter farm surpluses abroad for certain strategic metals and other goods to be put into our defense stockpile.

During the past year, Benson has succeeded in reducing CCC holdings of surpluses by about \$1 billion. How much that has cost is difficult to estimate because there is no way of estimating value of the nearly \$2 billion in foreign currencies he has accepted as payment.

USDA has estimated its price support costs for the year at \$1.8 billion, but that includes almost \$1 billion worth of commodities given away. A conservative estimate is that USDA is spending \$2 for each \$1 reduction in the surplus stockpile.

The soil bank probably is the biggest question mark in the Benson program. If it fails to make a substantial cut in production, the Secretary will be in trouble and so will farmers. Unless production is reduced, surpluses will continue to depress farm prices. It is a big, and possibly costly, gamble.

Active in Better Government Legislation

Two prominent Texas legislators are pictured here as they confer on plans for "Better Government" legislation. Sen. Crawford Martin of Hillsboro (left) is discussing Texas Press Association bills with Rep. Virginia Duff of Fortis. They have introduced identical bills in the Senate and the House. Their bills require publication of financial reports by school districts and other districts now handling millions of dollars in public funds and not making a public accounting of same.

Veterans' Land Sale Reported Successful

AUSTIN, Feb. 8 — Tuesday's Veterans' Land Board forfeited land sale was the most successful of the three that have been held. Land Commissioner Earl Rudder reported Friday.

The State received \$34,686.92 more than veterans owed on property when their contracts were forfeited. Previous sales had produced excesses of \$23,319.56 and \$5,951.84.

"The State didn't forfeit these lands with the hope of making a profit," Commissioner Rudder said. "Some veterans just didn't realize what a good thing they had and didn't keep up their payments."

In other record-breaking aspects of Tuesday's sale, the Veterans' Land Board accepted \$252,621.30 in bids. This is over \$14,000 more than in the second sale held in September, 1956. The first sale, in January, 1956, drew \$90,335.51 in acceptable bids.

announcement

I wish to inform the public that I have employed Dr. Robert D. Jamison, B. S., M. S., and D. D. S., a graduate of Indiana University, to assist me in my cynic. His fees will be according to the fees charged in Hondo.

Office hours, BY APPOINTMENT ONLY, telephone HA 6-2351, effective Monday Feb. 18th, are:

Monday evenings—6 p. m. to 9:30 p. m.

Thursday evenings—6 p. m. to 9:30 p. m.

Saturdays—9 a. m. to 5:00 p. m.

I thank each of you for your kind consideration during my 3 hours-a-day schedule. I hope that Dr. Jamison's services will be of benefit to you.

Sincerely,

THOMAS B. KNOPP, DDS

ARE YOU A "PROXY DOCTOR?"

QUIHI NEWS

Recent visitors in the home of M&M George Wiemers were M&M Anton Hardt of Yancey, Mrs. Emil Meunink, Mrs. Oscar Grell, Edwin Wiemers and M&M W. L. Hornung.

Among those enjoying the Live-stock Exposition over the week-end were Mrs. Lewis Boehle and children, Patsy and Bobby, M&M Franklin Muennink and children, and M&M Tommy Timmerman and sons.

M&M James Moss and Connie of Hearne, and M&M Jay Hartman were weekend visitors in the Fritz Hartman home.

Mrs. George Boehle, who has been in the hospital, has improved enough to be moved to her daughter's home.

M&M John Rodgers of Melvin were weekend visitors of M&M C. C. Cave and children Billy and Beverly. They all attended the Livestock Exposition in San Antonio Saturday.

Terry Jungman, son of M&M Fred Jungman, underwent an appendectomy in San Antonio. Mrs. A. H. Oefinger is visiting the Jungman family during Terry's illness.

Miss Emma Graff and Mrs. Bill Santeleban and daughters, Carolou and Fredda, were Sunday afternoon visitors in the Jacob Schweers home.

Mrs. Herman Gerdes, Archie Ray Gerdes, and M&M Larry Coyle were weekend visitors of M&M Bill Snyder and Billy in Corpus Christi.

VL Sales Should Be Publicized 3 Times

(Editor's note: This is the second of a series of articles explaining bills which members of the Texas Press Association have drawn up for presentation to this session of the State Legislature.)

The proposed bills deal with insurance laws, veteran land problems, freedom of the press, protection of public funds, election code and other such problems which face the people of our state today.)

Bill No. 3, is an act requiring publication of certain information appear in on each application for the purchase of land under the Texas Veterans' Land Act.

This is an act which would require every applicant for the purchase of land under the Texas Veterans' Land Act to give notice of his application by publication in a newspaper of general circulation in the county of his residence. In the event the land is located in a different county, he is also required to publish notice of his application for three consecutive issues in a newspaper of general circulation in the county where the land is located. In the event no newspaper is published in either the county of his residence or the county in which the land is located, he is then required to publish the notice for three consecutive issues in a newspaper of general circulation in an adjacent county.

The bill provides that the Veterans' Land Board shall prescribe the forms of publication and the necessary information to be included on the forms. The past history of the Veterans' Land program indicates that the citizens of Texas were not aware of who was purchasing land under the program, who the sellers were, or the price being paid for the land.

It is believed that if the public has notice of the buyer, seller, the location of the land, and the price paid for the land, any evidence of fraud or wrong-doing will be immediately called to the attention of the Veterans' Land Board. There will be little likelihood of any fraud or wrong-doing in the future if this bill is enacted into law.

Bill No. 4 is an act requiring publication of the full text of all ordinances of incorporated cities and towns, including home rule cities, which are required by statute to be published in any form.

Our present statute requires the publication of ordinances allowing publication of only the title or a digest of the ordinances, and in many instances this does not give the public sufficient information as to what the ordinance contains. If we want our public to be properly informed, it is necessary that the entire ordinances be published.

If this bill is enacted, the general public will be adequately advised on all ordinances passed by the city.

Bill No. 5 is an act providing that state, county and other officials who refuse to permit the public examination of records except those designated by law as shall be guilty of a misdemeanor.

Present statutes provide that certain records shall be open to the inspection and examination of any citizen but in most instances fail to prescribe a penalty for refusing a citizen the right to inspect public records. The passage of this law would make all public records, except those specifically designated by law as not open to the public, available for public inspection.

The public is entitled to the unrestricted inspection of public records. The most flagrant example of refusal by public officials to allow the public to inspect or examine public records has been in Duval County. Reporters for both the Corpus Christi and Alice newspapers have been literally thrown out of offices in Duval County.

Any person violating the provisions of this bill shall be fined not less than \$100 nor more than \$500 and will be deemed guilty of official misconduct for which he can be removed from office.

Another reason in favor of this bill is that state enforcement agencies, as well as local enforcement agencies, get literally hundreds of complaints about public officials denying them access to public records.

The next bill, Bill No. 6, provide for the indictment and prosecution of persons accused of misusing or embezzling public funds or concealing public funds in the county where the violation occurs, or in any adjoining county, or in Travis County. This is not anything new.

We already have a rape statute allowing indictment in any adjoining county within the same judicial district as the one where the offense is committed. We need a similar provision in the case of the misuse of public funds so that the matter could be considered away from the scene of the crime and away from the friends and relatives in the same courthouse.

This would provide the calm and deliberate attention of a grand jury free of local politics and prejudice. It would also preserve our concept of local self government. You will note that the statute covers only offenses relating to public funds. If such a law had been in existence several years ago, corruption in Duval County could have been stopped and several innocent men who are now dead would still be alive.

SOIL BANK UP
A telegram received Wednesday evening from Congressman Joe Kilgore stated that the Department of Agriculture is increasing Texas Soil Bank conservation fund by \$7,222,000. Acreage reserve increase funds were still under study, the message concluded.

John Q. Speaks
Most of the 55th's significant legislation is now in the committee stage. Committees are required to hold public hearings at which any interested person may appear to say why he's for or against the bill being considered.

In the course of a session controversial measures bring hundreds, even thousands, of citizens to speak their minds at committee hearings.

Recent hearings of interest concerned:
1. Cutting firemen's hours to 60 in larger cities, 63 in smaller. Firefighters Association is pushing vigorously. Cities say they can't afford it, protest state interference in local affairs.

2. Giving more legal rights to women, another bi-annual bone of contention. Many women's groups are backing bills to abolish the wife's separate acknowledgement on property sales and allow women to convey their separate property without husband's consent.

3. Regulating handling and sale of eggs. House committee approved the bill which would require dealers and wholesalers to "properly label" eggs. Owners of small flocks, not claiming a specific grade for their eggs, would be exempt.

4. A bill requiring the admission of reporters to precinct, county and state political conventions. Approved by Senate Committee. A TPA "Better Government" Bill.

AUSTIN, Tex. — Possibility of financing the most ambitious program in state history without new taxes has been put forth by Gov. Price Daniel.

In his budget message to the Legislature Governor Daniel recommended a \$32,000,000 increase in state spending during the next two years. More money would go for public school teachers' salaries, judicial salaries, state hospitals and special schools, Prison System, Railroad Commission, State Highway, Public Safety and Insurance Departments, higher education, state employees' retirement, an archives building, old age pensions, aid to handicapped, state advertising, water conservation, highway right-of-way buying, legislative salaries and a state

Financing would be on a "little bit here, little bit there" basis. Daniel said he felt legislators might expect some increase in the comptroller's forecast of expected revenue. He also called on the oil industry to work out its bottlenecks to allow for increased oil production. This could bring the state an additional \$40,000,000 in the next biennium.

A 10 per cent boost in auto license fees for right-of-way buying was proposed by the governor. He also recommended studying diversion of part of the permanent school fund to the available fund to finance public school costs, and higher tuition to help pay college teachers more.

And, if after all these, still more money is needed, he proposed a tax of 34 cent per 1,000 cubic feet on gas reserves tied up in long-term contracts.

State agencies have moved to close ICT Insurance Company of Dallas. Described as "hopelessly insolvent," the company is alleged to be \$4,500,000 in the red. On request of the Insurance Commission, Atty. Gen. Will Wilson obtained a temporary court restraining order against business operations.

Officials emphasized the business involved, a casualty company, should not be confused with ICT Life Insurance Co.

Oil Situation Tense
Eyes of the world will be on the Texas Railroad Commission hearing Feb. 19 to decide the March allowable.

In the background is an implied threat of federal control if state agencies and industry fail to step up production to supply Western Europe.

Texas officials were sharply critical of the Washington attitude. Governor Daniel said the President should use his authority to cut crude oil imports and reduce refinery runs. These, plus pipeline connections for independents' wells, would make it possible for Texas to export more crude oil, he said.

Water Board Changes
Amid the hue and cry for water conservation, State Auditor C. H. Cavness noted numerous "weakness" in the present State Water Board set-up.

In his annual report on the board Cavness suggested reorganization along the lines of the State Highway Commission. This means a three-man policy board and a full-time administrator.

Primary needs, said Cavness, are for continuity of direction and a statewide master water plan.

Co-op Ruling
Rural electric co-ops can continue to serve customers in an area after it is annexed by a city, says the State Supreme Court.

But others in the city area cannot become members of the co-op, said the court.

It was the end to drawn-out litigation between the City of Gilmer and Upshur Rural Co-op with other cities, co-ops and private utilities joining in.

Short Snorts
Governor Daniel said he does not favor a per-head sales tax on livestock sales to underwrite an animal health program proposed by the Livestock Sanitary Commission. "Our farmers and ranchers have enough troubles," said Daniel, "without new taxes."

Texas farm prices were up 2 per cent in January, reports the Agricultural Marketing Service. Meat animal prices were up 12 per cent above December.

Highlights and Sidelights FROM Your State CAPITOL

KILGORE'S CAPITOL COMMENT

By Joe Kilgore

THE TEXAS PLAN drought aid bill introduced by most of us in the Texas delegation passed the House this week by a vote of 270 to 108. Essentially the bill would establish a program somewhat akin to the Soil Bank to cover pasture lands, but only in the drought disaster areas. The entire 15th Congressional District is designated as such an area.

Under the program, payments would be made to land owners at not less than the normal rental value of the land put into the program for at least 12 consecutive months. There is a ceiling of \$5,000 which may be paid to any landowner in any one county. The bill was reported out unanimously by the House Committee on Agriculture last week and at that time the Department of Agriculture had indicated no objection to the bill. However, at the last moment, when the bill was brought up Monday it was learned that the Department did object so action was deferred until Wednesday at which time the bill was passed.

The essential idea behind this legislation is simple. Continued grazing of this drought depleted range land is injurious to the land's eventual recovery. Further, when the rains do come, and soon, we all hope, this pasture should not be restocked until the grass has made a good comeback. To do otherwise, in either instance, can ruin the land for years to come.

This program is designed to help the drought stricken rancher conserve this resource — the range land — in the face of what is and will be great economic pressure to stock the land.

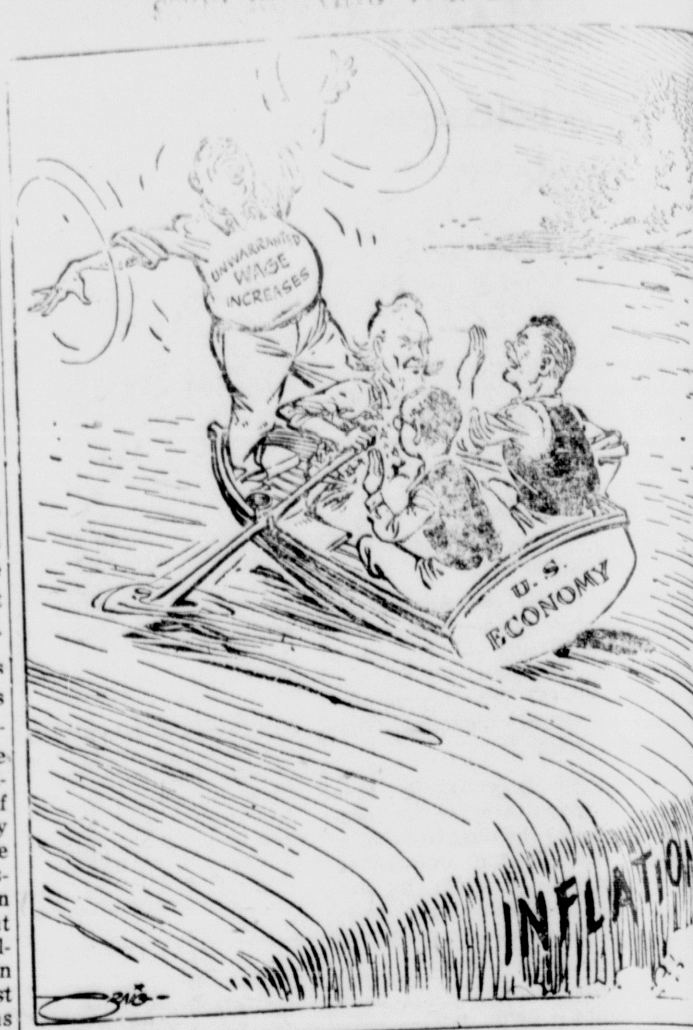

THE FIRST MONEY bill for House action this year was the deficiency appropriations bill for fiscal year 1957. The House passed it as \$335,090,000 which is \$46,997,500 below the President's budget estimates. The bill, which now goes to the Senate for its consideration, calls for \$15 million for the Department of Agriculture, \$45 million for the Commerce Department's Small Business Administration, \$275 million for the Department of Health, Education and Welfare, and \$90,000 for the Legislative Branch of the Government. The House has managed a cut of about 12 per cent. If we could maintain that average we could reduce the President's \$71.9 billion budget for fiscal year 1958 by a whopping \$8.5 billion.

THE WHITE HOUSE over the years has become more and more crowded as the executive offices of the nation continue to expand and there is now a plea for an executive office building in order to afford working room for the President and his administrators.

I made a thorough-going tour of the White House this week with other members of the Public Buildings and Grounds Subcommittee of the Committee on Public Works to see at first hand just how crowded it is. The tour included a visit to the President's office, the Cabinet meeting room, the executive offices and every part of the building except the country's first family's personal living quarters.

A TOTAL of 6,184 measures had been introduced in both houses of the Congress at last count. Of these 4,484 were introduced in the House and 1,211 in the Senate. There is a fair amount of duplication among the measures introduced, but different proposals still number in the thousands and there is no hope that all of them could be entertained by the Congress, although they are all studied so the best of them can be skimmed off and acted upon.

IT IS INTERESTING to note that there are an estimated 30,000 people working in the Pentagon, home of the Department of Defense. This is about equal in size of the combined populations (and my estimates may be way off) of Carrizo Springs, Cotulla, Crystal City, Eagle Pass and Hondo.

The Danger Is Great!

The repeated wage increases, not warranted by gains in productivity, which nation-wide labor unions are insisting on, are forcing prices up and up for the people — and they are beginning to be aware of the danger to our whole economy.

Without increased productivity, an endless round of wage increases can only mean increasingly higher living costs — and constantly increasing inflation which will bring disaster to all of us.

The Future Of Farming

Texas agriculture, like that of the nation, stands at a crossroads. And there is little doubt as to which path it will take.

The inevitable trend of progress has had a greater effect on Texas farming than any single phase of our economy, and this trend is continuing.

Although the past quarter-century has been a period of marked industrial development in our state, agriculture has kept its prominent place in a growing Texas.

During that time the farm labor force has been halved in size and more than doubled in efficiency. Whereas in 1930 more than 38 per cent of all Texas employment was in agriculture, it was little more than 16 per cent in 1954. Yet, production has increased steadily through mechanization and new techniques and farming has grown by nearly 25 million acres since 1930.

The next quarter-century promises to be just as progressive as the last one, but it must be a progress of a different kind.

The swallowing-up of small farms into large corporate-type farm operations is not an inevitable part of this progress. This is a trend which must be stopped.

Farming is unique among all occupations in responsibility involved. He who farms must stay on the land, understand and supply its needs and keep it intact. This can not be done by someone indifferent to the land itself.

The small farmer must stay put to see that proper conservation measures are followed, to supply specialized products which are coming into increased demand and to help care for the population growth Texas can expect.

Texas farming brought \$2.1 billion into economy in 1955. It is expected to increase to \$2.9 billion in 1975. Increased efficiency — efficiency with a human touch — will help us to exceed these expectations.

With the right kind of progress, natural disaster excepted, agriculture will keep its position as a principal factor in a bigger and better Texas.

Introduce Better Government Bills
Sen. Doyle Willis and Rep. Howard Green, both of Ft. Worth, joined with other legislative leaders in sponsoring the Texas Association's "Better Government" bills. Willis (left) and Green (right) have introduced legislation in their respective houses for removal from office of any elected public official who behind the fifth amendment and refuses to testify concerning conduct of his official duties. Willis and Green are pictured in the State Capitol building in Austin.

Its superb quality has made it America's preferred bourbon!

PAGING THE LADIES

Two Ladies Speak To Garden Club

Mrs. Paul Bybee and Mrs. J. W. Hollaway were featured speakers at the meeting of the Hondo Garden Club Friday afternoon in the home of Mrs. J. T. Gore. Their topic of "Landscape Design" was covered by presentation of general rules and specific examples aimed to assist the Hondo gardener.

Preceding the program, Mrs. R. W. Landers presided at a business session in which the club voted to have a plant stand at the Camp Fire Girls carnival and Mrs. Ben Oefinger was appointed chairman of the committee.

Mrs. F. D. Garrison reported that surplus mimosa trees have been moved from the central highway park to those on either side.

Hostesses with Mrs. Gore were Mrs. W. A. Bendele, Mrs. Jack Winkler and Mrs. L. D. Williams. Their flower arrangements included one of pink carnations on the dining room table, pink carnations on a coffee table, a single red carnation in milk glass on a lamp table and painted daisies with fern on a table at the entrance hall.

Bride-Elect Honored At Shower

Miss Marion Ehlinger, bride-elect of Alex Tschirhart, was honored with a miscellaneous shower in St. Joseph's Hall at Devine Feb. 10.

In the receiving line with Miss Ehlinger were Mrs. Willie Ehlinger and Mrs. Alex Tschirhart. The table was covered with a lace table cloth centered with white candy tufts and red carnations. The heart shaped cake was beautifully decorated carrying out the Valentine theme.

Refreshments of cake, open face cracker sandwiches, mints and coffee were served to 110 guests by Mrs. Hilmer Bendele and Mrs. Louis Haass.

Mrs. Edson Oefinger was in charge of the bride's book. There were 30 hostesses for the shower.

LaCoste Club Hears Report On Progress

The LaCoste H. D. Club met Tuesday, Jan. 29 at the home of Mrs. Mary Kaufman. Thirteen members answered roll call with "How My Family Keeps Family Customs." The recreation leader presented a recreation progress report.

Club members voted on a cash donation to the March of Dimes Constitution and by laws were read and accepted.

Meeting adjourned and closed with the club prayers, followed with refreshments served by the hostess.

The next meeting will be Feb. 26 at 1:30 p.m. at the home of Mrs. M. F. Musick.

Miss Rihn Honored With Shower

Wednesday night, Feb. 6, Joyce Rihn was complimented with a miscellaneous shower.

The Valentine motif was carried out on the lace covered table centered with a beautiful centerpiece of red and white carnations. More than 150 guests registered throughout the evening.

In the receiving line with Miss Rihn, wearing a brown taffeta dress with a yellow corsage, her mother, wearing a beige suit with a pink corsage, and the groom's mother wearing brown faille with a pink corsage.

Presiding over the bride's book was Mrs. Nellis Beck; serving coffee was Mrs. Robert Bauml and Mrs. Herbert Keller served cake.

Hostesses for the shower were: Mesdames August Schott, Leonard Marty, Richard Breiten, Kenneth Hans, Victor Tondre, Charles S. Hays, Jr., Rudolph Tschirhart, U. B. Kempf, Herbert Keller, Edith Hans, Leon Graft, Frank Keller, Raymond Schott, Walter Stein, Charles S. Hays Sr., George Holz, Alex Tschirhart, Thomas Farn, Leo Mangold, Eugene S. Hays, E. M. Jungman, Hugo Bourquin and Ted Stecker.

March Of Dimes Nets \$1,561.96

The Devine County March of Dimes drive for 1957 has netted approximately \$1,561.96, according to C. F. Schweers, county chairman.

Collections from Hondo totaled \$733.09; Castroville, \$366.37; LaCoste, \$268.47; D'Hanis, \$159.40; and Yancey, \$34.63.

All collections have not been turned in Schweers said.

Wurzbach Birth

Mr. Clarence and Dr. Fay Wurzbach announce the birth of a boy Feb. 7, 1957. He has been named Earl Andrew and is welcomed by a brother, Allen, and a sister, Clara Rose.

St. Ann's Will Select Mother

St. Ann's Society, Castroville held their regular meeting Feb. 7, 1957 at St. Louis Parish Hall. Rev. David Muerer opened the meeting. Seven members having birthdays in February were honored.

A nominating committee to select the mother of the year was appointed.

The Southwest District of the State League of Texas will meet in D'Hanis Feb. 24, starting with Benediction at Holy Cross Church at 1:30 p.m.

Mrs. Sam Tschirhart won the attendance prize and donated it back to the Society.

Refreshments of doughnuts and coffee were served by the hostesses.

The next meeting will be held March 7. There will be no refreshments.

Rio HD Club Meets With Whiteheads

The Rio Medina Home Demonstration Club met at the home of Mrs. W. C. Whitehead Feb. 7. A collection for THDA was made, and a donation to March of Dimes was voted.

A cake and pie sale will be held Feb. 16.

A nominee was elected for the District meeting at Edinburg April 12.

The hostess entertained the group with an interesting game and gave prizes to lucky winners. A lunch of cake, cookies, sherbert and coffee were served.

Next meeting will be Feb. 28 with Mrs. Louise Whitehead.

Miss DePuy Wed

Mr. and Mrs. R. W. DePuy have announced the marriage of their daughter, Cynthia Louise, to Frank R. O'Neill, son of Mr. and Mrs. L. R. Pickens of Baton Rouge, La.

Mrs. Haegelin Honored On Birthday

M&M R. A. Haegelin honored their daughter-in-law, Mrs. Milton Haegelin, with a surprise birthday supper at their ranch home Sunday evening.

Those enjoying the occasion besides the honoree were Milton Haegelin, Gus Mann, M&M John Suredin and sons Kenneth and James, M&M Wesley Mann and children Gerald, Janice, Dennis, Karen and David; M&M A. P. Barry and children Benadette, Alfred and Suzanne; and the host and hostess, M&M R. A. Haegelin.

McDaniel Named

David McDaniel, son of Rev. and Mrs. Leslie McDaniel, was named to the honor roll during the first semester at San Angelo High School. There are about 1,300 students enrolled at the school and about 49 were named to the honor roll. McDaniel is a former student of Hondo High School.

Hondo HD Club Hears Reports

Ten members and one guest were present at the Feb. 6th meeting of the Hondo Home Demonstration Club to hear Mrs. Claude Schuehle give a report on the recreational training school she and Mrs. Hubert Hermes attended at Devine recently.

Mrs. Douglas Riff, president, called the meeting to order and Mrs. Charles Hackbeil read a poem entitled "First Person Singular." Customs and traditions families follow was the main topic of discussion.

Refreshments of cookies and coffee were served.

Mrs. Bulgerin Takes Retirement

Mrs. Maude Bulgerin was honored recently, after spending 42 years and four months with the local telephone company. She has spent all 42 years in Hondo as operator and evening chief operator, but has now retired.

Presented a corsage of yellow mums and a billfold. Mrs. Bulgerin was also enrolled in Telephone Pioneers, as a lifetime member.

Devine News

Devine Mothers Net \$260.75 For MOD

by Mrs. Bill Baker
The Devine Mother's March on Polio, sponsored by the PTA last Friday night, netted \$260.75 for the MOD campaign.

Several fund raising campaigns were organized which included dial-a-dollar that brought \$152.75, general contributions, including the iron lung containers, \$128.50, and the coin cards from the Devine school children, \$51. A total of \$533.00 was collected. J. D. Klingman and Mrs. A. A. Stock were chairman and co-chairman, respectively, of the drive.

The ambulance from Devine made a trip Sunday to a Uvalde Rest home and brought John Havin to the Devine Rest Home. It was found that Havin was too ill to remain in the Rest Home so he was carried to the Hondo Hospital Monday morning. As of this writing his condition is unknown.

Mrs. P. L. Williamson of San Antonio spent Sunday with Mrs. Dave Webb.

M&M E. F. DuBose of San Antonio were Sunday visitors of

tonio were Sunday visitors of M&M Arch Morris.

M&M Bill Wood and M&M C. O. Williams were Victoria visitors Saturday and Sunday in the homes of M&M Virgil Bassett and M&M Herby Williams.

M&M Don Spindler, stationed at Kelly AFB, were Sunday visitors in the home of M&M Bill Baker. The Spindlers were taken on a tour of the Big Foot Oil Field. The Spindlers were formerly stationed at Eglin AFB, Florida with the Baker's son-in-law, T-Sgt. Blake Schooley.

M&M T. H. Johns of Victoria, were Sunday night visitors of the Harry Davises.

Castroville News

By Mrs. W. R. Griggs

A group of friends honored Mrs. Evelyn Dallal and Mrs. Dottie Adams with a surprise birthday coffee Thursday evening in the home of Mrs. Dallal.

Mrs. Eutah Evans and daughters Doris, Carolyn and Leona, spent the weekend in Priddy visiting friends and relatives.

Mrs. Garden Parks and mother, Mrs. Modd of Pearson, were visiting Mrs. Evelyn Dallal Sunday.

Mrs. Leroy Garbet and Mrs. Paul Tschirhart of San Antonio, were visiting Mrs. Alvin Huegele and Mrs. Haby Monday afternoon.

M&M F. J. DeGrodt of Hondo spent Sunday with M&M Emil Poerner.

Lindy Schott spent the weekend visiting his father, Joe F. Schott. Lindy is stationed in Austin, doing engineering work at an air base.

M&M Charles V. Green and children attended the fat stock show in San Antonio Monday evening.

Those attending the funeral of Joe A. Fiedler from out of town were M&M A. N. Hobson, Breckenridge; M&M William Butler, San Antonio; Mrs. Evelyn Estes, San Antonio; and M&M Alfred Moellendorf, Fredericksburg.

Mrs. Celeste Mecher of Houston spent the weekend with Mrs. Elizabeth Adams and daughter Helen.

M&M Herbert Mills of San Antonio visited M&M Adolph Mangold Saturday.

Pvt. and Mrs. Ronnie Keller and daughter Debbie of Ft. Sill, Oklahoma, spent the weekend in the home of M&M Frank Keller, and also attended the Rihn-Hans Wedding Saturday.

Happier Homemaking

Coffee is prepared in so many different ways around the world that it's hardly recognizable in some countries as the same beverage.

In Austria, coffee is usually topped with a thick layer of whipped cream. Sometimes cinnamon is added. The French like "cafe royale", a demitasse that's half strong coffee and half brandy. Louisiana's "cafe au lait" and the "cafe con leche" served south of the border both are made by combining strong coffee and hot milk. There are any number of other variations.

No matter how you make it, coffee is a universal "hospitality" beverage. If you're looking for something to serve, at those pleasant times when friends drop in for talk over the coffee cups, try Sugar and Spice Doughnut Balls. They're made the easy way, from canned buttermilk biscuits. Saucepan Fudge Cake, although a little more elaborate, is also easy to make. Both are perfect accompaniments for coffee.

DOUGHNUT BALLS
Use 1 can of buttermilk biscuits. Cut each biscuit into fourths. Set top burner thermostat at 375 degrees. Fry balls in deep fat at this temperature until brown.

Make a sugar coating by combining ¾ cup sugar, 2 tablespoons cinnamon, teaspoon ground cloves, teaspoon nutmeg. Put this mixture in a paper bag. Shake doughnut balls in bag immediately after frying.

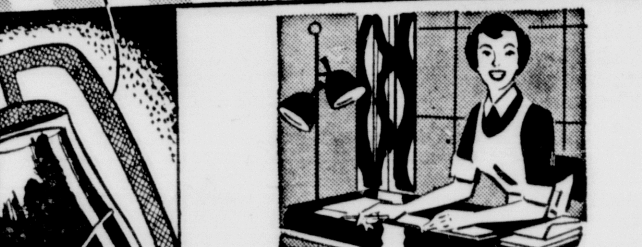

SAUCEPAN FUDGE CAKE
In a two-quart aluminum saucepan, combine 1½ ounces unsweetened chocolate; ½ cup water; cup butter. Set top greases. Cover saucepan and cook burner thermostat at 200 degrees until chocolate melts (about 4 minutes.)

Sift together the following dry ingredients:
1 cup sifted all purpose flour
1 cup sugar
1½ teaspoon baking powder
½ teaspoon salt
Sift into melted chocolate and blend until smooth.

Now stir in 1 egg, cup milk, and 1 teaspoon vanilla, and heat with spoon one minute (about 100 strokes). Cover tightly. Turn top burner thermostat to 250 degrees, and cook 35 minutes. Uncover and allow to cool five minutes. Then run knife edge around cake to loosen from pan. Turn out; turn right side up. To frost cake, arrange 9 chocolate-covered mint patties over top of cake. Heat of cake will soften them in 3 to 5 minutes. Use knife to spread softened mints. Makes 8 servings.

SHERIFF'S SALE REAL ESTATE STATE OF TEXAS COUNTY OF MEDINA

By virtue of an Execution and Order of Sale issued out of the 38th Judicial District Court in and For Medina County, Texas on the 11th day of December, 1956, by the Clerk thereof in the case of SAN ANTONIO PIPE AND SUPPLY COMPANY
Case No. 4866
TEXAS COAST OIL AND GAS COMPANY

And to me as Sheriff, directed and delivered, I will proceed to sell to the highest bidder, for cash, between the hours of 10:00 a.m. and 4:00 p.m. on Tuesday, March 5, A. D., 1957, it being the first Tuesday of said month, at the Courthouse door of said Medina County, Texas, in the City of Hondo, Texas, the following property situated in the County of Medina, State of Texas, and described as follows, to-wit:

The oil, gas and mineral lease known as the J. N. Wilson Lease in the Southeastly part of Medina County, Texas, described as 51.94 acres out of the westerly part of the F. Vanderstucken Survey, Certificate No. 46, Abstract No. 991, fully described in that certain oil, and gas mining lease dated January 19, 1955, wherein J. N. Wilson and wife, George N. Wilson were lessors, and R. & S. Drilling Corporation was lessee and fully described in that certain assignment of said leasehold from Leercraft to Texas Coast Oil and Gas Company, dated July 18, 1955, recorded in Volume 167, of Medina County, Texas, to which said lease and the said assignment thereof as recorded reference is here made for all pertinent purposes as fully as if here now set forth verbatim, and upon which said leasehold the J. N. Wilson Well No. 1 is located; and said lien covers said oil and gas mining interests, materials and supplies as furnished for said well, and upon said oil well for which the same was furnished, and upon all other oil wells, leasehold interests and land used in operating for oil upon said leasehold for which materials and supplies were furnished.

Levied on the 30th day of January, 1957 and to be sold to satisfy a judgment dated the 29th day of October, 1956 and recorded in the minutes of said Court in Volume 11 Page 435 in favor of San Antonio Pipe and Supply Company against defendant, Texas Coast Oil and Gas Company on the first count for the sum of Four Hundred Ninety-Two and 82/100 (492.82) Dollars and the further sum of \$85.00 as attorney's fees with interest thereon at the rate of six per cent per annum from March 3, 1956 until paid, and all costs of suit and the further costs of sale, together with a foreclosure of Materialmen's Lien on the above described property as said lien existed on the 3rd day of March, 1956 against the said Texas Coast Oil and Gas Company.

Given under my hand January 30, 1957.
Charles Hitzfelder, Sheriff of Medina County, Texas. (3tc6)

I wish to express my sincerest thanks to my many friends and relatives for their kind deeds and get-well wishes during my illness. Especially the blood donors and those willing to give.

Anton Grell (4tp7)

Looking For A Bargain? I have around 5 acres on Farm to Market Road, between Natalia and Devine, just off main Laredo Highway. Completely modern — 2 bed rooms, bath, large living room, kitchen, 12'x20' den, utility room, double garage, chicken house — a real good well of water, with overhead tank and outside shower, on school bus and mail route — telephone. Price \$8750. Can G. I. or F. H. A. my equity, around \$3500, payments \$48.00 per month. See or phone Fluegge Insurance Agency, Natalia, Frank Fluegge, Owner. (4tc7)

The oil, gas and mineral lease known as the Oscar F. Schmidt lease in the Southeastly part of Medina County, Texas, described as 148 acres out of the F. Durst Survey No. 15, fully described in that certain oil and gas mining lease dated August 6, 1955, wherein Oscar F. Schmidt and wife, Sarah Schmidt were lessors and Texas Coast Oil and Gas Company was lessee, recorded in Volume 167, Page 100, Deed Records of Medina County, Texas, to which said lease as recorded reference is here made for all pertinent purposes as fully as if here now set forth verbatim, and upon which said leasehold the Oscar F. Schmidt Well No. 1 is located; and said lien covers said oil and gas mining interests, materials and supplies as furnished for said well, and upon said oil well for which the same was furnished, and upon all other oil wells, leasehold interests and land used in operating for oil upon said leasehold for which materials and supplies were furnished.

Levied on the 30th day of January, 1957 and to be sold to satisfy a judgment dated the 29th day of October, 1956 and recorded in the minutes of said Court in Volume 11 Page 435 in favor of San Antonio Pipe and Supply Company against defendant, Texas Coast Oil and Gas Company on the second count for the sum of Four Hundred Seventy-Two and 46/100 (\$472.46) Dollars and the further sum of \$85.00 as attorney's fees with interest thereon at the rate of six per cent per annum from March 3, 1956 until paid, and all costs of suit and the further costs of sale, together with a foreclosure of Materialmen's Lien on the above described property as said lien existed on the 3rd day of March, 1956 against the said Texas Coast Oil and Gas Company.

And further, that by virtue of said above described Execution and Order of Sale in said cause, and to me as Sheriff, directed and delivered, I will proceed to sell at the said time and place the following described property, to-wit:

The oil, gas and mineral lease known as the Lenora Schmidt lease in the Southeastly part

of Medina County, Texas, described as 277 acres out of the P. E. Durst Survey No. 15, fully described in that certain oil and gas mining lease dated August 6, 1955, wherein Lenora Schmidt was lessor and Texas Coast Oil and Gas Company was lessee, recorded in Volume 167, Page 105 et seq., Deed Records of Medina County, Texas, to which said lease as recorded reference is here made for all pertinent purposes as fully as if here now set forth verbatim, and upon which said leasehold the Lenora Schmidt Well No. 1 is located; and said lien covers said oil and gas mining interests, materials and supplies as furnished for said well, and upon said oil well for which the same was furnished, and upon all other oil wells, leasehold interests and land used in operating for oil upon said leasehold for which materials and supplies were furnished.

Levied on the 30th day of January, 1957 and to be sold to satisfy a judgment dated the 29th day of October, 1956 and recorded in the minutes of said Court in Volume 11 Page 435 in favor of San Antonio Pipe and Supply Company against defendant, Texas Coast Oil and Gas Company on the third count for the sum of Four Hundred Fifty-Nine and 66/100 (\$459.66) Dollars and the further sum of \$80.00 as attorney's fees with interest thereon at the rate of six per cent per annum from March 3, 1956 until paid and all costs of suit and the further costs of sale, together with a foreclosure of Materialmen's Lien on the above described property as said lien existed on the 3rd day of March, 1956 against the said Texas Coast Oil and Gas Company.

Given under my hand January 30, 1957.

Charles Hitzfelder, Sheriff of Medina County, Texas. (3tc6)

CARD OF THANKS

Our recent sad loss leaves us with grateful hearts toward relatives, neighbors and friends. Their comforting expressions of sympathy, thoughtfulness, cards and flowers will always be remembered.

Mrs. Joe Fiedler and Family

I wish to express my sincerest thanks to my many friends and relatives for their kind deeds and get-well wishes during my illness. Especially the blood donors and those willing to give.

Anton Grell (4tp7)

Looking For A Bargain? I have around 5 acres on Farm to Market Road, between Natalia and Devine, just off main Laredo Highway. Completely modern — 2 bed rooms, bath, large living room, kitchen, 12'x20' den, utility room, double garage, chicken house — a real good well of water, with overhead tank and outside shower, on school bus and mail route — telephone. Price \$8750. Can G. I. or F. H. A. my equity, around \$3500, payments \$48.00 per month. See or phone Fluegge Insurance Agency, Natalia, Frank Fluegge, Owner. (4tc7)

CAP Could Purchase Plane For MONEY

(Editor's Note: This is the second in a series of articles on the Hondo Civil Air Patrol.)

By Fred Atkinson Jr.

Last week, we discussed briefly the main objectives of Civil Air Patrol and what it offers the young people of the community. This week, those brief thoughts from last week will be extended some to give you an idea of the present condition of the Hondo Air Patrol squadron.

You may think the CAP has everything they need — well, they don't. Their lone airplane was in the shop eight months out of last year. Another airplane would enable the group to do a lot better job for the community. And, for less than \$300, they could buy another airplane in July. One thing stands in the way — money. With help from citizens of this community, the goal will be reached.

Hondo's Civil Air Patrol needs a sponsor — either a business firm or a local civic organization. With a sponsor, the group could form a drill team and enter parades and other contests all during the year.

Organized a week before the Pearl Harbor attack, the Civil Air Patrol, civilian auxiliary of the Air Force, marked the beginning of its 16th year on Dec. 1, 1956. At its inception, it was

made up of a handful of aviation enthusiasts hopeful of spreading interest in aviation among the youth of the land. Today the organization boasts a membership of 90,000 operating from more than 2,500 bases located in villages and cities throughout the 48 states, Hawaii, Alaska and Puerto Rico. It operates more than 5,000 light planes, most of them owned by members. The CAP also has an emergency radio network of 11,000 stations.

Information received from national reports, shows Hondo's squadron has one of the lowest ratings in the entire nation. With the help of local citizens, Hondo could be placed close to the top or could at least be pulled up to a respectable rating.

For more information, contact Bruce Allen at HA 6-3490.

D'Hanis News
By Mrs. Amos Finger

Arriving from Pittsburgh, Pa., Thursday, Feb. 7, Justin G. Fest, August J. Fest, Mrs. Helen Vogelsberger and Mrs. Lucile Barchfeld, are all glad to be in this land of sunshine after a hard winter in the city. They are visiting with M&M O. W. Tondre, M&M Louis Carle and A. J. Boog. Their many friends are glad to see them back to boost D'Hanis as a winter resort.

Mrs. Ed Nester had a surgical operation in San Antonio Wednesday and is doing as well as can be expected.

Henry Koch, who has been visiting with his brothers, Paul and Ferdie, and other relatives, left Sunday for Eagle Pass, where he will visit relatives a few days and then return to his home in Chawchilla, Calif.

M&M Oscar Nester, and Betty and M&M Mark Cowan spent Sunday in San Antonio at the stock show and rodeo.

Mrs. Hugo Saathoff and son Gary Keith and Mrs. Ruby Speece and son of Hondo, spent Sunday with M&M W. W. Kellogg.

M&M Philip Karrer of San Antonio, spent Sunday with their sons, Mrs. Maggie Herring, Mrs. Christina Rudinger, Mrs. Millie Barchfeld.

M&M Walter Crooks of Austin, were weekend guests of M&M Ethel Kuhne and family.

M&M John J. Nester and daughter spent Sunday in San Antonio visiting with M&M Joe L. Jarombeck.

Supper guests of T. V. Boog and family in San Antonio Saturday were A. J. Boog, Justin Fest, M&M O. W. Tondre, Mrs. Helen Vogelsberger, Mrs. Lucy Barchfeld and Mrs. J. A. Muel-

Mrs. J. P. Kimmerly and Mrs. M. Zinsmeyer and son visited in San Antonio last week.

July Lee Pella of Corpus Christi, granddaughter of M&M Henry Langfeld, has been spending a few weeks with them.

M&M Ed S. Koch spent the weekend in San Antonio with their children.

Mrs. Alvina Koch and Miss Ruda Nester spent Saturday and Sunday with M&M John J. Heiser at Castroville.

M&M Frank Jackson went to Leakey Tuesday to visit M&M R. J. Nev.

Mrs. Richard Walbrath and Miss Virginia Wallrath of San Antonio, visited with friends here Saturday.

Friends of the Rev. H. V. Hug, former pastor of Holy Cross Church, have been notified of the death of his aged mother, Mrs. Louis Hug.

Mrs. Oris Nester was called to Kulpia last Tuesday following the sudden death of her father, Walter Schawe of that place. A brother-in-law, J. B. Nester, and friends attended the funeral at Kulpia Thursday.

Sunday visitors in the A. L. Braden home were M&M Jim Poppin and son, Dr. and Mrs. Joe Braden of San Antonio, and M&M A. H. Braden of Hondo.

Devine Briefs

Gospel Meeting Held At Church of Christ

By Mrs. Bill Baker

Louie M. White of Waco, is holding a gospel meeting at the Church of Christ in Devine. White served the Church of Christ in Lytle several years ago. The meetings began Wednesday, Feb. 6, and continue through Friday, Feb. 15. Services begin at 7:30 each evening.

Mrs. L. C. Martin, recording secretary of the Fifth District Parent-Teachers Association of Texas, was guest speaker at the Local PTA Thursday afternoon in the high school cafeteria at Devine. Her subject was "Education Begins at Home". At 8 p.m. that evening, Mrs. Martin spoke before the Pearsall PTA on "The Accomplishments of the Founders of the National PTA."

FHA girls and FFA boys of Devine High School attended the San Antonio Livestock Show Saturday. They were accompanied by Mrs. Ruth Allen and Henry Moss.

Settlement News

By Mrs. R. H. Bayer

Visiting Mrs. Elmer Biediger, Adolph and Raymond Friday were M&M Harold Biediger and Mrs. William Wengstroth.

M&M Harvey Haby and children of San Antonio visited with M&M Allen Haby Sunday.

M&M C. A. Haby and M&M Hagen Haby, all of San Antonio, were out on their place in the Settlement Saturday and Sunday working on the well and putting up a pump and equipment. M&M Beck were out from Castroville to help.

M&M Ed Riff visited Wednesday with M&M Wilfred Moehring.

M&M Forrest Horecka of Hondo, visited Sunday evening and night with his parents, M&M J. M. Horecka and family.

Mrs. J. M. Horecka and Barbara Ann attended the funeral of Charles Reitzer at Hondo, then visited with Mrs. Wesley Reitzer and Mrs. Alfred Boehle.

M&M Wilfred Moehring and M&M Erwin Biediger visited Adolph Biediger and Raymond Tuesday.

Mrs. Rudolph Posch of Biry, received a telegram Tuesday notifying her of the death of her sister, Mrs. Lina Marburger, in Burton. The funeral services were Wednesday afternoon at Barton but due to a case of the flu, Mrs. Posch was unable to attend. Mrs. Marburger was 84 years of age and was also the aunt of this correspondent.

Mrs. Philip Haby visited Monday with Mrs. Elmer Biediger.

Who'll Win Her Heart In 1973?

Kaylynn Holloway
2 year-old-daughter of Mr. and Mrs. Leslie E. Holloway, 902 N street.

You can bet it will be someone who is all the things she's dreamed of REALLY wanting. The man she REALLY wants will find her definitely needs her. But between now and 1973 this little girl will have a lot of dreams which right now are the uncomplicated wants of a little girl . . . to play with her Daddy, sing her dolly to sleep, watch her favorite teevee show, or to be a real big girl and help Mommy with the dishes.

Later on she'll want things . . . she'll dream of them and in her mind's eye she'll be using a brand name product. She'll probably start with Pat or Carnation, then recognize her favorite cereal label, her Mommy's favorite soap label. Personally, she'll discover Double Bubble. Tootsie rolls or M&M's.

All thru grade school she'll be bombarded by advertising, and by labels she can read everywhere, the brand names of products. And as she grows, she'll discover, by using things her Mother buys, which products she likes best.

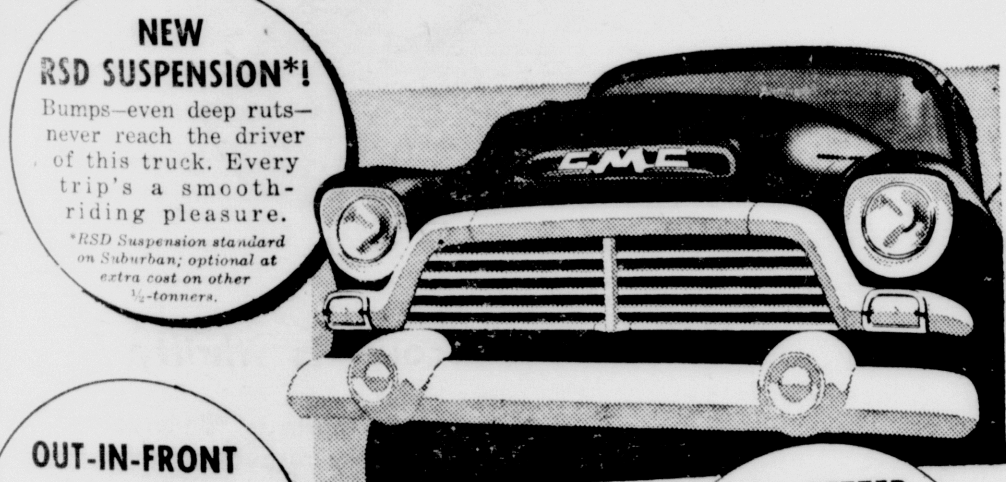

As she becomes a young woman she'll have a mind of her own . . . she'll know what products she likes best and which are the best buy for the money. She'll shop the ads because she knows they'll stretch her budget and save her shopping time.

This is National Advertising Recognition Week. Most Advertisers salute the purchaser of today. We thought we'd take a look at how a little girl becomes smart shopping young woman. From the time she is able to recognize a label, when she learns to read, and from then on, this purchaser of tomorrow will be reading advertising.

She'll come to depend on advertising as the medium which lets her know what is going on in the world of goods and services.

She'll not only win the heart of the man she REALLY wants, she'll be the darling of every advertiser, because someday she'll manage a family budget.

Here's the most powerful light-duty truck!

- NEW RSD SUSPENSION*!**
Bumps—even deep ruts—never reach the driver of this truck. Every trip's a smooth-riding pleasure.
*RSD Suspension standard on Suburban; optional at extra cost on other 1-tonners.
- OUT-IN-FRONT STYLING!**
No other truck today comes close to these Blue Chip light-duties—potent new rivals of the station wagon.
- HYDRA-MATIC** ECONOMIES!**
Hydra-Matic bars engine strain. You're rid of all clutch costs. Even brakes and tires last longer.
**Hydra-Matic optional at extra cost.
- 17% BETTER GAS MILEAGE**
You cut fuel use as much as 17%—thanks to GMC's new, fast-ratio cruising axle. And you get all the other benefits of overdrive—without its extra cost.

GMC Money-Makers for '57
See us, too, for Triple-Checked used trucks

SPEAKING OF SPORTS

By George Stewart

As District 28-A basketball season draws to a close this week, it looks as if the Cotulla boys will again take the title. The Owls have had it rough this year, but are hoping for a good season next year.

Owls Defeated

The Edgewood Raiders took to the local courts Saturday night, and went home with a 69-50 victory over the Owls. Even though the Owls play a good game, they were unable to stop the Raiders. Big Alvin Hartman took high scoring honors by sinking 11 points, followed by Billy Potts with 8, Jimmy Leazenby 7, Billy Neuman 6, Bobby Ward 5, and Butch Smith 4 points.

Ray Highsmith, who doesn't do too much shooting, did a good job of feeding the ball to other players so they could take a shot at the basket. Team effort is needed in basketball as well as football.

The final buzzer sounded with the score 69 for Edgewood and 50 for Hondo.

Cotulla Game

The Cotulla Cowboys corralled the Owls Tuesday night to take the District 28-A title for the second straight year. Tuesday's score was 56-42. It was the Cowboy's second victory of the season over Hondo.

After taking the lead early in the first period, the Owls lost out in the last few seconds of the same period and were never able to regain it again. Trailing 24-26 at the half, Hondo fell farther behind during the third period and even farther behind in the fourth. During the fourth period, Hondo managed only 8 points while Cotulla sank twice that many.

Hartman again was high point man with 15 points for his night's work. Other scoring came from Leazenby with 13, Neuman and Ward with 5 each. Windrow and John Henry Meyer each sank two points for the Owls.

Score according to periods was 10, 14, 10 and 8 for Hondo and 12, 14, 14 and 16 for Cotulla.

Owlettes

The local girls team played host to the Cotulla Cowgirls Tuesday night, before the boys game. The Cowgirls took a hard fought game by both sides by a high score of 63-52.

The locals took the lead early in the first period and kept it until early in the second period. Cotulla led by two points at the half, increasing their lead to 8 points at the end of the third period.

Sara Moore paced the Owlettes with 28 points for the night. Sara has been high point player in every game the girls have played this year. Joylene Tilley managed to drop 18 in the bucket while Linda Tondre hooked 6 in the basket.

Scoring according to periods was 13, 12, 12 and 15 for Hondo and 10, 15, 18 and 18 for Cotulla.

Final District Game

Both the girls and boys play their final district game of the season here Friday night against Dilley. The girls will start at 6:30 and the boys take on Dilley at 8 p.m.

For some good basketball, go see the game. Coach Tom Moseley has some good players out and if you haven't seen them, you've missed a night of entertainment.

D'Hanis Herman Sisters Hold Meet

The D'Hanis Herman Sisters met with Mrs. E. L. Brod Wednesday, Feb. 6. Two visitors, Mrs. O. J. Wheat of Uvalde and Mrs. F. G. Muenink of Hondo, were present for the meeting.

Four tables of rook were arranged and prizes were first, Mrs. A. L. Braden; second, Mrs. Frank Surovick; 100 prize, Mrs. John Rieber; consolation, Mrs. A. Zinsmeyer.

The next meeting will be March 6 with Mrs. John Rieber as hostess.

Victoria Man Takes Honors At Races

R. E. Sparks of Victoria and Bobby Joe Rutledge of San Antonio were named top eliminators of the motorcycle and automobile divisions, respectively, in the March of Dimes charity drag races held Sunday afternoon at the Castroville Municipal Airfield.

Sponsored by the Alamo Timing Association, in cooperation

FFA, 4-H WORKSHOP SCHEDULED IN MARCH

By Mrs. Estella Strayhorn

H. O. Roberts of the Central Power and Light Company, has arranged for 4-H club members, adult leaders and Extension Agents to attend a workshop on electric demonstrations. Central Power and Light employees will train 4-H club members to give electric demonstrations.

The workshop will be held at the Pearsall school on March 2, 1957. Work will start at 9 a.m. and end about 3:30 p.m.

Each county may have as many club members and adult leaders attend as they can get there. There is no limit on the number but they must be 4-H members, adult leaders or a parent who takes them.

Central Power & Light will provide the lunch, and has to know for sure who can go by Feb. 21. Each year, the girls' 4-H clubs give a demonstration to a woman's home demonstration club. This demonstration will be used to give to the women's home demonstration clubs so two girls from each club need to go.

Council Meeting

4-H Council will meet Saturday, Feb. 16, at 10 a.m. in the Castroville High School. Plan to be there.

with Air Force and Castroville City officials, the races drew approximately 200 automobile entries and 30 motorcycles. An estimated crowd of 2,500 people attended.

Rutledge carried off top time and top eliminator at a speed of 123.11. In the run for top eliminator, Rutledge took on Gilbert Goodlett from Corpus Christi in his potent Chevy V-8 powered 32' Ford Cpe. It was a close race in second gear, but the mighty Ardu driven by Rutledge stormed away in high to win. At Laredo, Texas, the Ardu-Merc driven by Rutledge turned 139.85.

Motorcycle top eliminator, R. E. Sparks won at 104.18 and top gas time was taken by Gilbert Goodlett at 102.44.

Harold Lozano, reporting for the Alamo Timing Association, stated net proceeds of the race amounts to \$1,002.55. This amount will be equally divided between the Bexar County and Medina County Polio Funds. A generous contribution was also made to the March of Dimes by Hugo H. Bourquin of Castroville.

A mid-summer temperature of 90 degrees in no way wilted the enthusiasm of the huge crowd. Many spent the entire day at the Airfield and are looking forward eagerly to the next time the races will be run here. Lozano stated the Association would like to run the races once every month. The net proceeds of all races are always given to some form of charity or welfare work. All those participating in the races, as well as the many visitors, were delighted with the hospitality and courtesy extended to them in Castroville.

SCD Gives Annual Accomplishments

Supervisors George Wilson, Lawrence Rothe, Harold Steigler, John Tom Kirby and Raymond Schuchart of the Medina Valley Soil Conservation District recently made their annual report of District activities and accomplishments for the year of 1956.

This report has been published in booklet form and copies have been mailed to all farmers within the District who are actively cooperating with their Soil Conservation District. Copies of this report have also been distributed to schools, churches, county officials, newspapers and business people of Medina county as well as State and National Legislators from Texas.

According to this annual report, the year 1956 was one of the Medina Valley Soil Conservation District's most progressive years since its formation by local farmers in 1948. Outstanding accomplishments were made in the application of brush control and range seeding as well as most irrigation practices. The increase in application of irrigation practices was partly due to the fact that 1956 was the first year that the ASC, in this county, has made federal cost-share aid available to local farmers for application of such practices as land leveling for irrigation, ditch lining, irrigation reservoir construction, etc.

The year 1956 saw E. F. Saathoff honored by the Hondo and Devine Chamber of Commerce as outstanding farmer-rancher of the Medina Valley SCD and James Amberson selected as outstanding Wildlife Conservationist of Area 2 which includes

about one-fifth of southwest Texas.

Some major activities of the Medina Valley Soil Conservation District in 1956 are as follows:

1. Held 12 regular and one special meeting.
2. Held grass and soil judging contests for 4-H and FFA boys of the District.
3. Entered the Ft. Worth Press Award and the National Goodyear Award Program.
4. Attended the Texas Association of Soil Conservation Districts meeting in Lubbock.
5. Sponsored Soil Stewardship Sunday in churches throughout the District.
6. Purchased a camera and two combination fertilizer and grass drills for use of farmers in the District.
7. Provided Soil and Water Conservation teaching kits for use in local public schools.
8. Published a monthly news letter.
9. Cooperated with the Hondo Anvil Herald and Devine News in publishing a weekly news column.
10. Held in cooperation with the Alamo SCD, an irrigation field day at Castroville.
11. Held a root-plowing demonstration on the W. W. Wernette ranch in cooperation with local contractors and business firms.
12. Held an annual supervisors' election in combination with a tour of the E. F. Saathoff and Don Holden ranches.

According to the annual report for 1956, the following amounts of conservation practices were applied by farmer cooperators of the Medina Valley SCD:

Contour farming, 3,792 acres; cover cropping, 2,562 acres; crop residue utilization, 7,799 acres; land clearing, 230 acres; brush control, 13,210 acres; deferred grazing, 42,504 acres; fertilizing, 1,049 acres; pasture planting, 106

MacManus

Honored

J. S. MacManus received a 25 year pin at a meeting of Bluebonnet Lodge No. 1219, AF AM in San Antonio Friday night, Feb. 8. There were 192 members receiving pins at the meeting.

H. C. Bybee Dies

The father of Paul Bybee, Mr. H. C. Bybee, died Saturday morning, Feb. 9, in Seymour, Ind., following a lengthy illness. Funeral services were held Monday and burial was in Louisville, Ky.

ATTRACTIVE POSITION

For mother or housewife, age 25-60. Experience in teaching, club or church work valuable. Guaranteed income for the one chosen. Write today to Mrs. William Bell, Circle Drive, Kerrville giving age, education and experience for work beginning Feb. 25. (2tc7)

J. Fiedler Dies After Attack

Joe A. Fiedler, 33, died suddenly Friday, Feb. 1, 1957, after suffering a heart attack at Hondo Air Base about 12 noon. He was born Feb. 27, 1923, at Fredericksburg, and was the son of Joe A. Fiedler Sr. and Clara Zinter, and was making his home in Castroville.

Married to Virginia E. Booth in San Antonio Oct. 21, 1949, the couple have one daughter, Helen Kathleen, 5 years old.

Fiedler attended Harper High School and was a student at St. Mary's college for one year. He also attended a veterans' school for two years, after serving four years in the Navy during World War II. He was a member of

the American Legion at Harper, a member of the WOW for 10 years and a member of the Catholic Church.

Besides his wife and daughter, he is survived by his stepmother, Mrs. Mollie Kuntz of Harper; sisters, Mrs. Ollie Heiman, San Antonio, and Mrs. Helen Hopf of Harper.

Rosary was recited Monday, Feb. 4, at 7:30 p.m. Rev. David Muerer conducted services. Fiedler was buried with full military honors in Ft. Sam Houston Cemetery.

Pallbearers were Calvin Keen, Aubrey Ervin Brown, Belmont Tattsch and Denver J. Bennett, all of Harper.

"SCOUT WEEK"

... a scout is thrifty

The Scout's motto is "Be prepared." The Scout Law in every respect points him in that direction.

One of those directions is thrift and planning for the future. Almost everything the scout does is for service and accomplishment. He learns early that nothing worthwhile can be achieved without work, planning and thrift — qualities he learns through practice — and which stand him in good stead as a man.

HAPPY BIRTHDAY, SCOUTS,

Hondo's thrifty Scouts save with us where they get 3% interest on their savings.

S. P. will sell AIRLINE TICKETS in HONDO

AMERICAN AIRLINES and UNITED AIR LINES
tickets and timetable information available at
S. P. Ticket Office starting, February 12

Southern Pacific offers a new travel service—the sale of American Airlines and United Air Lines tickets in many communities where the airlines do not have offices or representation.

Southern Pacific has been in the transportation business for many years. We have always provided travelers with information and service on trains, buses, steamships, sightseeing, resorts and hotels and now we are happy to add air travel to this list.

We believe that travelers should have the form of transportation best suited to their needs or choice.

Call Southern Pacific for all your transportation requirements—passenger or freight. You'll receive complete and friendly service.

Southern Pacific

E. J. JOHNSON—HA 6-2122

PERSONAL APPEARANCE

By Jerry June Berger

It always gives us a feeling of real pride when we hear of a youngster doing well or receiving due recognition. And so it was this week when we saw GAYLE KNIGHT, daughter of the HORACE KNIGHTS, in a role of the opera "Martha" performed in San Antonio.

GAYLE is just a sophomore at SWTC, but her performance was that of a professional. The role she played was that of Betsy Witt, a fidgety girl. Not in the original play, the part was added by stage director STIVANELLO, who felt the scene at the fair needed more action, and she certainly gave it that.

MABETH MCDANIEL, an ex-Hondan, was also in the chorus scenes and is a student at SWTC. Her dad, former Methodist minister here, now has Trinity Church in San Antonio, and MRS. MCDANIEL is teaching junior high school English.

Superintendent of Schools CUB BARRY is a grandpappy again. His daughter, MRS. WALTER BAUERSCHLAG, gave birth to her second daughter Thursday, Feb. 7. MELANIE, weighing 5 pounds, 15 ounces, also has three brothers to keep her company at home in San Antonio.

Ninety-three local six-to-twelve year olds had a chance Thursday afternoon to see just how much ice cream they could consume.

It all came about as a result of their participating in a singing at the Methodist Church revival services Wednesday night. Starting with a crowd of 53 youngsters, mostly Methodist, Sunday afternoon, EVANGELIST EARL WARD encouraged them to bring their friends to the succeeding afternoon practice sessions. Kids of several different faiths were in the finale Wednesday and believe them, they were loud.

They sang about five selections and did so well their instructor promised them a party the following afternoon — one which

would include all the ice cream they could hold. Allowing as how that might cost quite a bit, he brought out a clothes laundry basket and told their pops to fill it up with old-worn out dollar bills, 50 cent pieces with holes in them, or quarters that a train had run over. They did too.

The session Thursday afternoon almost turned into an endurance contest. Practically every youngster present ate at least three ice cream sandwiches and the most we heard of was consumed by DON LEINWEBER, son of the L. J. LEINWEBERS. The figure we heard was seven.

Strangely enough, none of the 93 seemed to suffer any ill effects, although a few of them expressed no interest in ice cream as a dessert Thursday evening in their own homes.

Out at ballet dancing class last Tuesday afternoon, teacher MRS. FRANK O'NEILL was allowing her students to do some creative work. She'd play a record and ask them to suggest a dance step suitable for the music.

While working with her 5 o'clock class, she commented to them that she was disappointed that they couldn't think of some original steps when her class just before that one, in which the students are about two years younger, had really thought of some clever things to do.

MARY LOU HEYEN, daughter of the MERLIN HEYENS, came up with the answer. "Well, said she, 'Those kids are much younger than we are and their brains are simply not as tired.'"

And just think how much tired their brain will be by the time they finish junior high school.

Philosopher Baffled By 'Won't Work Legislation'

Editor's note: The Seco Philosopher on his Johnson grass farm has been doing some drouth-stricken thinking, if you want to call it that, his letter this week indicates.

Dear editor: I was reading along in a news article out of Washington last night with my mind sort of idling when suddenly I went back over the same item because something in it had slipped up on me and shocked me awake.

There it was in the second paragraph. It was a statement by an agricultural expert who was opposing a drouth relief bill in Congress on the grounds that it "would create more problems than it would solve."

This brought my feet down off the chair they were propped on and set me to thinking hard.

This is one of the strangest reasons for opposing anything I ever heard of.

If people are going to stop passing bills or thinking up inventions or doing anything else just because they'll create more problems than they solve, we might as well call off Congress, close up the state legislatures, shut down the colleges, and outlaw the automobile.

Take the automobile, for example. In view of the fact more people have been killed in car wrecks than in all the wars we've ever fought, who is there to say the car hasn't created more problems than it's solved? But also who is there to say the car ought to be outlawed, right when most people haven't got their half paid for?

Or take Hondo. Anybody knows there are more problems on the piece of ground occupied by Hondo now than there were when it was still in cultivation. Parking problems, traffic problems, paved street problems, juvenile delinquency problems, tax problems — obviously the people who built Hondo created more problems than they solved, but I have an idea you'd be the last person who'd be in favor of abolishing the place.

You set up the standard that every move mankind makes has to solve more problems than it creates and modern civilization will come to a halt.

Drouth legislation may create more problems than it solves, but to a man in the middle of a

Here in Hondo M&M George Bishop were out from San Antonio for a weekend with her parents, Judge and Mrs. D. H. Fly.

Miss Rose Kile and daughter, Deborah of Corpus Christi were Sunday and Monday visitors of the Fritz Leinwebers.

Mrs. Paul Pope drove up to Rockdale Monday for a three day visit with her mother, Mrs. Lightfoot.

The Reverend William Durkop will conduct evening services at St. Paul's Lutheran Church Sunday, at 7:30 p.m., during the absence of the Reverend Konrad Windecker who is still undergoing medical treatment. The Reverend Windecker is in Room W-411, MD Anderson Hospital, Houston, Texas.

Three Men Named To County OIC

G. R. Hans, G. V. Busby and M. F. Schweers have been named county chairmen for petroleum's information and service program this year. Hans is from Castoville, Busby from Devine and Schweers from Hondo.

Their appointment as community chairmen was announced last week by J. Nelson Howard, oil information committee chairman for the South Texas area.

The local OIC will emphasize three main service projects this year. They are a school program providing free supplemental teaching and student materials and special information services to junior and senior high schools, making speakers, films and demonstrations available to public audiences and promoting Oil Progress Week in October.

This American Petroleum Institute-sponsored program seeks to make clear how well the people of this community are served by many oil businesses and gain support for conditions under which they can continue to be privately managed, fully competitive and financially sound.

The three chairmen will name their committees in their respective communities at a later date.

Jose Ramirez Hits San Diego

SAN DIEGO, Calif. (FHTNC) — Jose Ramirez, fireman apprentice, USN, son of Mr. and Mrs. Antonio Ramirez of Hondo, arrived at San Diego, Calif., Jan. 30 aboard the support aircraft carrier USS Boxer.

The ship returned from six months duty in the Western Pacific where she participated in anti-submarine warfare exercises off the coast of central and southern Japan.

The Boxer visited Yokosuka, Kobe and Sasebo, Japan; and Hong Kong.

Two Hondo Men Participate In Air Force Drop

Two Air Reservists from Hondo participated in the 433rd "Alamo" Troop Carrier Wing's first paratroop drop last weekend at Ft. Bragg, North Carolina. Men participating were Capt. William E. Robinson Jr. and Capt. Reno V. Stanga. The "Alamo" Wing trains at Brooks Air Force Base, San Antonio, Texas.

Fletcher, Davis

QUOTES SOME THOUGHTS HE THINKS WORTHY OF WIDE CIRCULATION

From Mrs. Velma Taylor's ever erudite and entertaining "Just Ramblin'" Column in a recent issue of the Holly Springs (Miss.) South Reporter, we are pleased to quote the two following excerpts which we are sure will be of both pleasure and profit to all who read them.

Read — and think on those things!

—FD— National headquarters of the American Legion reports that, to mid-December, 600,000 more Legionaries had paid their dues for the ensuing year than at that date in 1955.

They attribute this increase to a resurgence of "the Spirit of '76" as expressed by their national Commander W. C. "Dan" Daniel in the goals of the Legion, the things it is FOR; most significantly:

"For a vibrant, living Americanism, and against the despotic evils of Communism.

"For a virile, free-enterprise or profit-motivated system, and against the crippling paralysis of socialism.

"For a strong national sovereign government, and against world government.

"For self-determination among state and local governments, and power.

"For an impregnable national defense, and against spending ourselves into bankruptcy in an attempt to buy friends.

"For an honorable, forthright foreign policy, and against a policy based on fear and vicillation.

"For Constitutional law, and against treaty law."

Just 600,000 Americans, really believing in the above principles, and working for them, can really change the socialist trend in our country.

—FD— This good advice comes from the Meridian Star:

If you want to become a success, develop character. It will always be your best asset.

Not only must you develop certain qualities of character, but you must maintain them as well.

SINCERITY — That quality which means you are in earnest in all you say and do.

HONESTY — That term, meaning truthfulness, straightforwardness and integrity. No one wants to employ or work with an in-

Brand-NEW DYNAFLO PERFORMANCE — Instant Response — even without switching the pitch

Come in! One look is worth a thousand pictures — one ride is worth ten thousand words. IT'S THE DREAM CAR TO DRIVE — THE BIGGEST VALUE TO BUY

WE'll tell you frankly — we're proud of this car and the price level you see published here.

Only a few dollars more than the price of a smaller car — for a big and brawny Buick! But that's not all!

Do you know this spanking Buick is new from the rubber up?

Do you know it has an all-new body — and a windshield with more than 200 square inches of new visibility?

Do you know its roof line is inches lower — yet there's full headroom, legroom, footroom for six passengers?

All this took some great engineering. But where the engineers went

all out was in making this the dream car of the year to drive.

New engine — new Dynaflo* response — new steering — new ride — more than 150 other chassis changes that make this, in fact, the most completely new Buick in years — offered at a price level that makes it literally true: if you can afford any new car you can afford a Buick.

And what a buy you'll get for your money! See your Buick dealer, take the wheel — and find out for yourself.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century — optional at modest extra cost on the Special.

what makes
GAS cooking
cleaner,
faster, easier?

Cleaner... because modern GAS cooking is always under control. Faster... because GAS gives instant heat, with no waiting for warm-up. Easier... because you cook the way you've always cooked. And now, with thermostatically controlled top burners, foods can't boil over, burn or scorch. No wonder so many more homes and restaurants prefer dependable, economical NATURAL GAS for cleaner, faster, easier cooking.

Books, Records Help At Income Tax Time

There is no time like the present to start a procedure that will aid you with next year's income tax calculations. That is to maintain a record of your income and outgo. Such a record can be simple and brief but it may save you tax dollars and many hours of work in filling out tax forms.

The average man who works for a wage or salary doesn't have to concern himself about keeping books and records — at least so he thinks. His employer keeps a reliable record of his earnings and Uncle Sam looks primarily to the employer for information on his earnings and for the withholding of various taxes out of his wages.

But whether or not you run a business of your own, you have a partner who each year is claiming a substantial interest in your personal income. And the law requires that you keep books for him in case he ever asks for an accounting.

Perhaps you own your home or are paying it out in installments. It's likely that some day you may sell that house. When you do you will want to be able to prove whether you realized a gain or a loss on that sale. If a gain in capital resulted, it probably will add to your income tax. If a loss was suffered, it probably will reduce your income tax.

You may have made certain capital improvements on the house while you lived in it, but unless you can show what out-of-pocket expense you incurred while making them, you may not get credit for them in your cost basis so as to prove that you had no capital gain or that you had a loss.

Or perhaps you received that little summer cottage on the lake as a gift from your father. If you sell it, you should be able to show Uncle Sam not only the

cost of improvements you made on it while you owned it, but also what its fair market value was at the time Dad gave it to you.

It may be that you are receiving an annuity on an insurance policy. If so, do you know how much that policy costs you and how much of that cost you have recovered tax-free to date?

There are many kinds of transactions you enter into that may some day affect the computation of your personal income tax. The best proof of the cost of anything you have purchased is a receipted bill or canceled check. If one of these pieces of evidence relates to any transaction that may affect your income in later years, it's a good idea to keep it. Your "pardon" may some day ask to see it.

Nine Clubs Attend Recreation Training

By Mrs. Estella R. Strayhorn

Nine of the ten home demonstration clubs in the county sent representatives to the recreation training meeting in Del Rio, held by Mrs. Floyd Cole, vice president of the county extension agent, Mrs. D. G. Odam, Del Rio, and assisted by Mrs. D. E. Hunter of Devine.

Carefully planned recreation for every home can be a success if it is planned with every member of the family so that it will be of the interest and recreation of the individual needs of the family. Many of the family members can be trained to use leisure time and energy would be used to a greater advantage if every family would plan and set aside a certain time each day for recreational purposes. This for recreational purposes, this can only be brought through proper planning. Each club will have a follow up program on recreation as taught by the leaders.

The following leaders from 4-H and home demonstration clubs attended: Mesdames D. G. Odam, D. E. Hunter, Floyd Cole, Andrew Mosley, George Schmidt, Albert Hermes, Claude Schueh, B. D. Bomba, Emil Ruff, Osie E. Eiter, Max Mechler, Armin Jagge, Walter Eiter, Ernest Bippert, Earl Balzen, Gladys Solpert, B. J. Robbins, Francis Locke, C. A. Stein, J. J. Hiesser, Jimmy Rihn and the agent, Mrs. Strayhorn.

Color Trends For Kitchens

Pink and yellow, two leading colors for kitchens are about to take second place to two new colors — aqua and orange. In addition to appearing in curtains, contemporary lighting fixtures and walls, these four favorites are used in both standard built-in appliances and minor kitchen accessories. All four are good for accenting the beauty of naturally finished wood cabinets. Today, more than 85 per cent of kitchen cabinets being installed are wood.

Pumpkin or tangerine combines well with richly grained, darker wood cabinetry, as does yellow. Aqua is favored with lighter toned cabinets.

Copper and brass are favored accent notes with the bright new kitchen colors. They will harmonize with any colors, yet have a distinctive character of their own.

Silk Comebacks

Silk, after being almost absent from the fabric counter for a number of years, now is on the upgrade. The silks will include silk, all silk, pure dye silk, pure silk, silk silk, or tussah silk, raw silk, pongee, doupion, and washable silk broadcloth. Silks may be sold in mixtures.

Home Economics Briefs

Broken light bulbs remaining in a socket may be screwed out by pushing a large cork into the light base. The cork removes

Reduced Rate Gives Aid To Texans

AUSTIN, Texas — Farmers in drought-stricken Texas benefited by \$1,150,073 during the first nine weeks of the period in which the railroads reduced freight rates on shipments of hay by 50 per cent.

The rate slash was made in October at the request of President Eisenhower. During the first nine weeks the privately-owned railroads moved 92,885 tons of hay into Texas at a million dollar plus savings to the farmers and ranchers, the Texas Railroad Association reported here today.

The rates were voluntarily reduced in eight western states, but the heaviest volume of business was in Texas. The total saving for land owners in the eight states was \$1,650,260, of which two-thirds benefited Texans.

Oklahomans saved \$272,786 and Kansans were aided by the railroads by \$205,226.

"As far as we know, no other private industry has extended aid to the farmer in this emergency," said Kenneth McCalla, general counsel of the Texas Railroad Association.

"This is comparable to the President's requesting all retail stores to sell to the drought-stricken farmers and ranchers at a 50 per cent reduction. Of course, no such request has ever been made but it has been sought of the railroads several times and they have responded gladly. The result, in past years, has been a saving of more than \$22,000,000 to farmers and ranchers."

WINNING LAMBS — Tommy Fletcher, Castroville FFA boy, displays his champion lambs at the Medina County show. His animals won the fat lamb division, reserve champion and first place pair off at lambs.

TV Audiences To Fly With U.S. Air Force

GEORGE AIR FORCE BASE — A nation-wide audience will "fly" superphonically for the first time Sunday, Feb. 17, through the eyes of a live television camera mounted in the cockpit of a Convair F-102A combat proficiency trainer.

The telecast, a segment of the National Broadcasting Company's "Wide World" show, will cover the interception of a jet bomber by a Convair F-102A supersonic all-weather interceptor from the 327th Fighter-Interceptor Squadron at George Air Force Base.

The interception will be televised from six to eight miles above the earth, higher than ever before attempted by live television.

A miniaturized television camera will be operated by an NBC-TV engineer riding in the instructor's position of the TF-102A. The TV signal will be transmitted to the ground through an airborne television system developed for the Air Force.

Major Howard C. Deakne, executive officer of the 327th, will fly the TF-102A in close formation with the F-102A, piloted by Capt. Murphy Pruett. The two delta-wing jets will intercept

B-57 bomber from Yuma Air Force Base. Vern Thompson of NBC-TV in Hollywood will operate the camera in the TF-102A.

The 327th Fighter-Interceptor Squadron was the first operational unit in the Air Defense Command to receive the F-102A. The new delta-wing interceptor carries a sophisticated electronic system that can detect and track enemy bombers in any kind of weather, day or night, at altitudes of more than 50,000 feet. The plane is armed with Falcon guided missiles and air-to-air rockets, fired from an armament bay in the underside of the fuselage.

Eight reasons why you are living in America's Age of Opportunity

America is growing — and changing — at an astonishing rate. Every one of these changes opens up new opportunities for businessmen, for farmers, for housewives, for industrial and office workers. You see below just eight of the many ways our country is changing — and just what these changes mean to you.

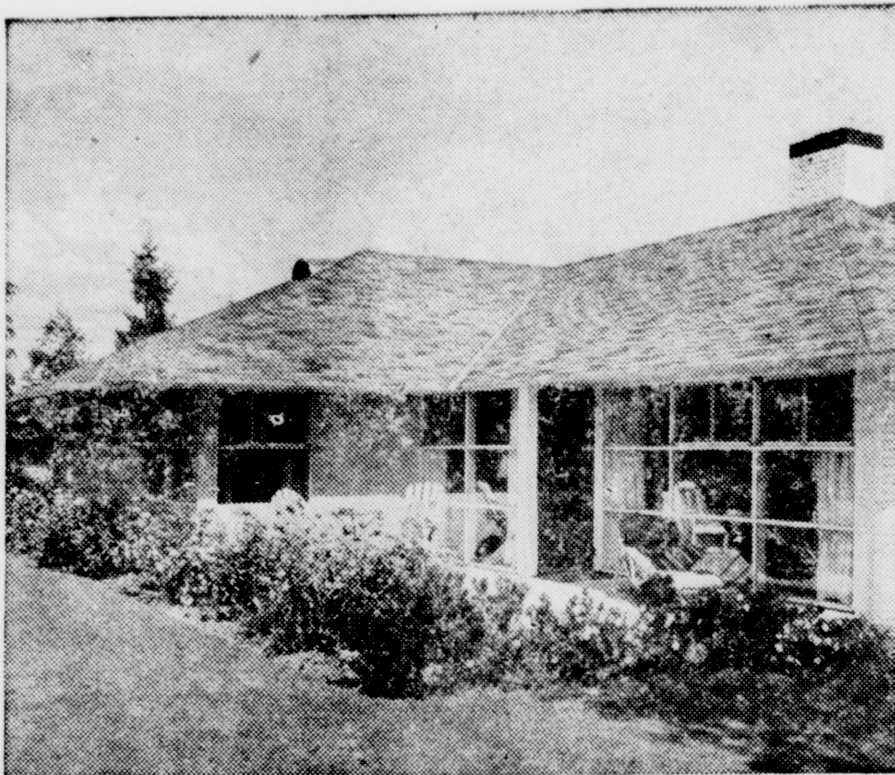

THE CHANGE: Our population is expanding tremendously. By 1960 there will be about 180 million people in the U. S.

THE OPPORTUNITY: This means ever-increasing demands for homes and everything that the American people eat, wear and enjoy.

THE CHANGE: In spite of higher prices, Americans now have over twice as much spending power as in 1940. And savings are at an all-time high.

THE OPPORTUNITY: Whatever you make, whatever goods or services you sell, the public now has greater power to buy.

THE CHANGE: We're going suburban. New suburban communities are springing up like magic all over the U. S.

THE OPPORTUNITY: Each suburb needs scores of new shops and service businesses — to say nothing of houses, streets, schools.

THE CHANGE: We've more leisure time and travel time. Over 40 million Americans now have paid vacations.

THE OPPORTUNITY: Big demand for highway restaurants and shops. Also boom to hotel and travel business, to sports, hobby, entertainment fields.

THE CHANGE: Today Americans are buying far more newspapers and magazines. Almost every home has a radio, and 28,000,000 have TV.

THE OPPORTUNITY: As our horizons broaden, we develop new wants. Demand steadily rises for all types of goods and services.

THE CHANGE: America is making fantastic strides in jet propulsion, electronics and atomic energy.

THE OPPORTUNITY: Completely new fields are now being opened up — fields that can change America as greatly as did the steam engine and electricity.

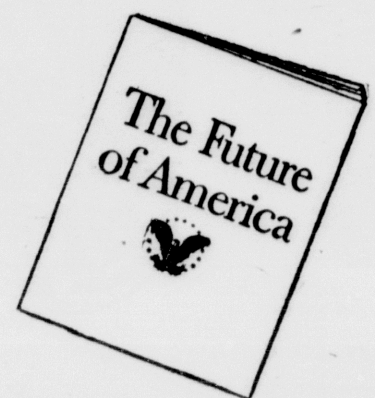

THE CHANGE: Due to the war and to our amazing growth, there is now a \$50 billion backlog of demand for capital goods and services.

THE OPPORTUNITY: New construction — schools, factories, highways, houses and offices — are needed now as never before.

THE CHANGE: Spiritual interest in the U. S. is growing fast. Membership in religious congregations has increased twice as fast as our population.

THE OPPORTUNITY: Our spiritual gains can help us to lead richer, fuller lives — and help us to make the most of our material gains.

The better you know America, the better the future looks!
